

Pickleball Score Sheet

Doubles · To 11, win by 2 · Best of 3 · Side-out scoring

Date: _____

Court: _____

A team: _____

B team: _____

Only the serving side can score. Cross out each point earned. Extra boxes are not a score limit; keep playing until a two-point lead.

Call serving score – receiving score – server #. Start 0–0–2: the opening team has only one server. After that, first server loses → second server; second server loses → side-out. Server 1/2 identifies this service turn, not a permanent player.

Game 1

First serving team: A / B Starting server name: _____

A	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15
B	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15

More points (continue as needed): A _____ B _____

Serve changes · Record the next server, even when neither score changes. Continue on reverse if full.
