Each turn: Roll up to three times, then fill one unused category. If it does not qualify, enter 0. Total rows are not extra turns.

Extra Yahtzee / Joker: After the Yahtzee box is filled, use the matching upper category first. If it is filled, use an open lower category (sum for 3/4 of a kind or Chance; 25/30/40 for Full House/straights). If none remain, put 0 in an open upper category. A 0 in the Yahtzee box earns no extra bonus.
